Days may come and go,
But our memories last forever.
The good and bad are interwoven,
And together they will stay.
The tides of emotions,
Ebb and flow continuously,
But all are etched in Gold.

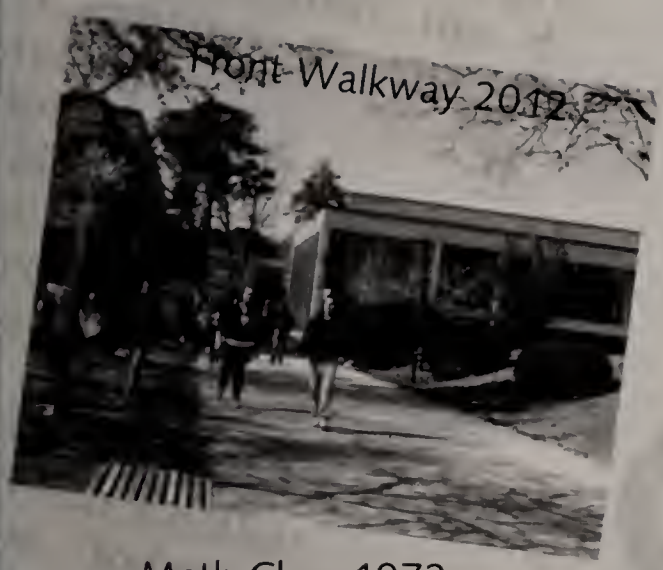
Front Walkway 2012



Nauset Regional High School is celebrating it's 40th year in Eastham, MA. In January of 1972 the current Nauset High School opened it's doors to anxiously awaiting students. Located on seventy-two acres adjacent to the Cape Cod National Seashore Park, it has been home to thousands of students in the past forty years. During this time, some things at Nauset have changed dramatically...and others remain surprisingly similar.

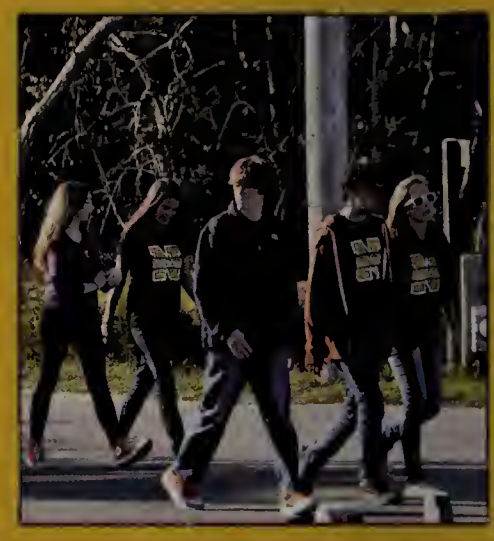
Etched in Our Hearts



On a beautiful November afternoon we, the senior class, departed from the auditorium with smiles on our faces and bright colors in our hair. We knew, that after four years at Nauset Regional High School, it was our turn to take the memorable walk to Nauset Light Beach for the traditional class photo. Making this day even more special was the overwhelming support shown to one of our classmates, Logan Dunne. The entire class rose to their feet as Logan entered the auditorium, applauding both his arrival and his unfailing courage. Although Logan only saw the end result, his closest friends had worked tirelessly throughout the day to produce this visual day of support standing before him; earlier in the day faculty and seniors received streaks of temporary hair color. Logan and friends were asked to lead the class to the beach where the photos would serve as timeless reminders of not only the support for Logan, but the unity and compassion which characterizes the Class of 2012.

"The mind is not a book, to be opened at will and examined at leisure. The mind is a complex and many-layered thing." - Severus Snape

Wow I can't believe it, senior year already! I couldn't have made it here without the love and support of my Mom, she taught me kindness and strength in every aspect of life. I would like to thank my Dad and sister too, love you guys. I would also like to thank Jaime and Rose who have been there since the beginning. And last but not least I would like to thank my boyfriend Luke for always believing in me and showing me that love exists everywhere.

I, McKenzie Abraham, bequeath all the ladies to Johnny; love, peace, and happiness to Jaime; amusement in bitterness to Makayla; and Abraham Lincoln Jokes and emancipation to Abby and Paige.

Jared Adam

"Live the life you love, love the life you live."
–Bob Marley

Wow, senior year already, high school has been so much fun and I couldn't have done it without my great friends Julia H., Jake Me., Alex K. and Sebastian H. We had awesome times; whether it's Six Flags, sleep overs, chill zone runs, or concerts. The soccer team was basically a family to me during the season; sitting down at team dinners, it made the whole season more enjoyable. High school flew by and it seems like I was just a freshman, thinking about the years to come. I couldn't wait to get my license; being with friends is part of my life and when I got my BMW I was always with them. As much fun as school was, I can't wait for college; it's going to be good. Thanks so much Mom and Dad for everything. Love you both. And to Bruce Johnson, keep scheming.

I, Jared Adam, bequeath #17 on the soccer team to Christian Montas. Good luck in your upcoming years.

Benjamin Amerault

"FOLLOW ME! I'LL LEAD THE WAY!"
–Simon Lane

I, Benjamin Amerault, bequeath nothing to no one.

Teresa Anton

I know everybody says this, but the past few years really did fly by. I've had so many interesting experiences at Nauset, and will always remember the crazy times I spent with my ladies. I would like to thank my friends and my family for being there, especially the Richards and Romonos. Thanks for being my other families because without you guys I don't know how I would have survived my years here. Thanks also to the teachers I've had, and Mr. Evans who gave me the opportunity to meet new people and travel to new places. I can't believe we made it through... Good luck class of 2012!

I, Teresa Anton, bequeath my senioritis to the class of 2013. Good luck guys. And my lunches spent in the library to all the other procrastinating students out there.

Joseph P. Apatow

"Do the right thing. It will gratify some people and astonish the rest."

The biggest thanks I can give goes out to my Mom and Dad. Thank you for always being there to support me, good times and bad. To Jack, Jillian and Julia - thanks for all the laughs, cries, and stuff in between. Wishing you the best for the rest of your time in high school and beyond. Jake and EJ, I couldn't have made it without you. Stay on the high side of the seesaw as long as you guys can. And to everyone else who helped me along the way... Keep in touch. Take it easy. I love all of you.

I, Joseph Apatow, bequeath all the cheese balls and cowboys to Jillian Apatow and dirty forks to Jack Apatow.

Wow! It's finally here! Thank you Mom for putting up with me and always being there; you are the best! Thanks Uncle Mike, Auntie, Dad, Meg, and Bry. I had so much fun with all my awesome friends; Marisa, Michelle, Korey, and Cassidy!!! And of course my favorite boys; Mike, Max, and Zach. I love you guys so much! And thanks Lloyd and Bob for being there for me, and the rest of the karate gang. Love you guys! Good luck class of 2012! College, here I come!!

These past four years went by so fast. Friends came and went, new ones to replace the old, and the good friends who stood by my side all the way. I'd like to thank Mom and Dad for keeping me going and pushing me to do my best. Thanks to my little brother; Nauset is going to be a good four years. Can't forget the dog; Wrinkles you're the BOMB! I believe we all leave some sort of mark or foot print where ever we go. I've left my mark now it's your turn. Good luck!

Brendan Battles-Santos

"Only one who devotes himself to a cause with his whole strength and soul can be a true master. For this reason mastery demands all of a person." –Albert Einstein

What an insane roller coaster these four years of high school have been, the highs and the lows. To my parents, you've mentored me to be the successful man I am today. Nobody could ever replace you. To-Alizah, the memories we have together and the happiness you have brought to me will forever be imprinted in my memory. Thank you. My boys, that I have played years of football with and the few I wrestle with; I wish you all the best in the future, stay in touch.

That way everyone else can love life too. I wish all of you a long and fulfilling journey. I love my family a whole lot, and I want to thank my friends for being amusing, whimsical and just awesome. I owe it all to the Nauset staff, my family, my friends, the music department, and especially my Grandmother. Thanks for making my high school experience a great one, I love you all. Oh, and Abby Walters this one's for you: "It's tearin' up my heart when I'm with you and when we are apart I feel it too!" 'N Sync for life y'all.

Throughout the course of high school there have been many ups and downs. Individual struggles that we have all had to surpass. Surprisingly enough, we all made it but personally I wouldn't have done nearly as well without the help of my parents, Jake M, Heidi E, Alex W, Jared A, Casey O, and many other people who have been there for me during these amazingly quick four years. I guess Nick K and a couple special freshman can be mentioned as well. Whatever I end up doing in my life I'll always remember that Nauset Regional High School put me on the right track.

Wow I'm a senior; time really goes by fast doesn't it. Seems just yesterday I was entering this place and now I'm leaving it. I made so many memories here with the friends I made, to the people I met. I always hold what I have learned here and the people I meet with me in my heart. But this is not the end but the beginnings of the next part of our lives. Or as some people said it, when one door closes, another just begins.

Time goes on as a river always flows: never stopping, in constant motion. However, metaphors can only do so much good. In fact they are quite awful at describing the time I had at Nauset with everyone who went through with me. I wish someone could explain this to Mr. Bakker and most teachers because it would sure lessen the eye rolls in every class. Anyway, see everyone in ten, twenty, and so on years, so this isn't really goodbye, but a see you soon in relative time.

I, Jake Lowey, bequeath the swim team to he who takes control of it. Looking at you Seth Nowack.

They claim that high school is the best four years of life; that makes sense to me. Those were some amazing years but it's just hard to believe they're already gone. I had a lot of fun and learned a lot (when I paid attention) making those years worth while. Too bad it's over but life goes on and we'll all go our separate ways. Well good luck to everyone!

Four years felt like yesterday, and calling myself a senior sounds weird. Having to adapt to the New England weather was the hardest part my transition. My time in high school was filled with tears, friends gained and lost, days full of smiles, days to be alone, and memorable moments with my best friends. I thank my Mom, who is always there, for everything she has done for me. I love her with all my heart. I want to thank my best friends for putting up with me and being there. As I look back to when I was a freshman I see a big transformation to who I am today. Two things that stayed constant were my height and my obsession for Chris Brown. I don't let my attitude get the best of me, sweat small events, or things I can't control. It's scary for me that I will be on my own soon. I hope I make my family proud in the future with whatever I choose and prove those who doubted me wrong.

Whenever I thought about the future, I never saw myself writing one of these, as if being a teenager would last forever. But things do change and I think I'm ready to see how things unfold. I really grew up at Nauset and I think it shaped my view of life. I'd like to acknowledge all the family, friends, acquaintances, teachers, administrators, and janitors that have made my high school experience colorful. You've all had an impact on my life whether it be big or small, good or bad. Thank you.

I, Tommy Walsh bequeath my used Old Spice Swagger deodorant to my brother Michael Walsh and my tennis racket to my sister Hannah Walsh for a great tennis season.

'eople are always talking about high school. And isn't it cliché that the moment 'ou realize you've been taking it for granted is the moment that it ends? It's been our years of perfect chaos, and at the end of it, all I can offer is a piece of advice or those still here; don't rest for a moment. Pursue every insane idea that crosses 'our mind. Make sure you've got stories to tell the grandkids. Teachers & peers, 'ou made it great! Thanks to Mom, Dad, and Lib & congrats class of 2012!

Irreplaceable teachers such as Davies the mericless, Amy and the kiln gods, super sassy senior, and Durgan the prince of the flowers, will always be remembered and lived on through their students who listened and loved them. Finally, one last shout out to all my platers, platas, player players, and playa playas. To my tribe it's been good, try and keep that going. To my Boo Boo, I love you.

HONORS CHORUS GOES TO CARNEGIE HALL

On March 11, 2012 the twelve students of Nauset's Honors Chorus joined 150 other high school students in the famous Carnegie Hall in Manhattan, New York. They sang an intricate piece with Latin phrasing called "Magnificat" to an audience of nearly 2,800 people. This was Nauset's fifth time receiving the honor of having one of their choirs perform at Carnegie Hall. Every choir chosen had to audition to be included in this amazing opportunity. Along with a lot of help from their parents, the members of the honors chorus held a fundraiser in which they sang for a group of people and served them deserts and coffee for donations to make this trip possible.

PIANO & GUITAR LAB

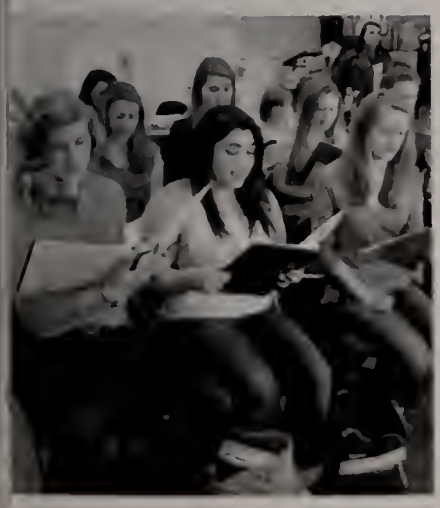
Last fall, Nauset added two new programs to the music department for it's students to enjoy; Piano Lab instructed by Mrs. Beavan and Guitar Lab instructed by Mr. Faris. Both classes give students an opportunity to learn the basics of playing the piano or the guitar. These classes are offered to all grades for people who are beginners in playing either of the instruments.

Joe Ogden, Caroline Clancy & Sumner Phillips practice basic piano skills. (above & left). Guitars that are provided for the students (above & left).

THE CHOIRS OF NAUSET

HONORS, TREBLE, CONCERT

The three choirs of Nauset have thrived for many years and are enjoyed by people all over the Cape and throughout the community. While anyone can join concert chorus, Honors and Treble are both audition only choirs. Treble consists of all girls while Honors has both boys and girls. All three choirs are available for all students in grades 9-12.



Honors chorus students Chelsea Hathaway and Jack McCrea prepare for a dance number at the Pops Concert (above).

Concert Chorus students show great singing posture and etiquette while rehearsing.

THE SOUNDS OF NAUSET

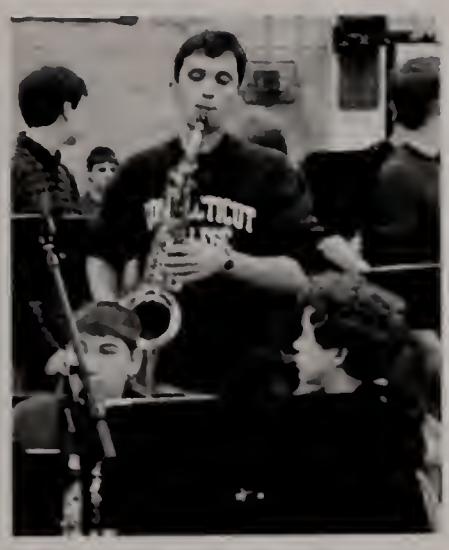
ORCHESTRA, ACAFELLA & glee

Everyone gets a chance to shine in Orchestra, Glee and Acafella. Although orchestra has existed for several years, both Glee and Acafella were created last year. In Orchestra, students get to show off their talents in all string instruments from the viola to the bass violin. Students in Glee have the chance to show off their dancing and singing skills to modern day songs. Acafella is a choir consisting of all boys who create music with only their voices.

Rowan Cornell shows passion while playing a piece (right). Students in glee and acafella perfrom (below).

CONCERT & JAZZ BAND

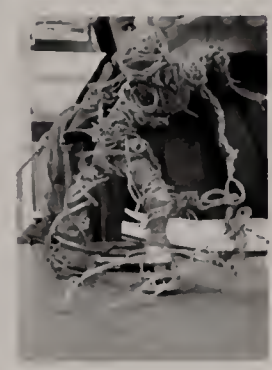
Concert and Jazz Band give all students the opportunity to try out their musical skills in nearly every instrument there is. The wood winds and the brass section shine in every piece. The students of the percussion ensemble can keep the beat to any song. Mr. Faris has done an incredible job leading these two spectacular groups for several years.

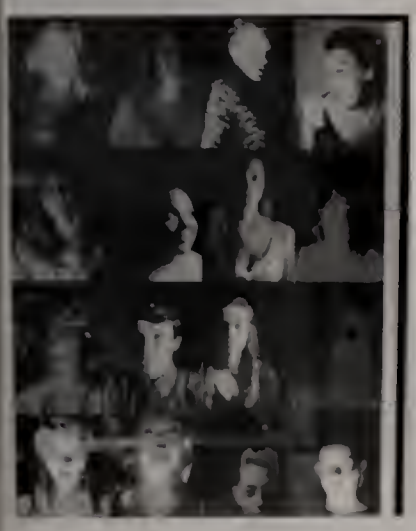


Saxophone players in jazz band play at the Winter Festival (above, right and left).
Students from the jazz and concert bands rehearse for the 2012 Pops Concert (right and above right).

ART THERAPY

This year, Nauset's art program had a new course selection. Art Therapy is a class that meets on A days with art teacher Mrs. Ogden, in which the students of Nauset intergrate with the special needs students. The class is excellent because it gives the students a chance to get to know each other, and helps them understand the disabilities and special attention that some of these students face and need everyday. Some of the students wish to enter fields including special education, and this class prepares them for future courses. Originally, the class was to be a half year course, but was loved so much it was extended into a full year class. The Art Therapy course has been a great addition to the arts program.





A collage of glam shots taken by Ms. Frost's photography students hangs in the Main Office (left).

Painting students created 5x4 grids on canvas board using acrylic paint and their own creativity (above).

FINE ARTS

In fine arts, students, throughout the school, are given the opportunity to explore and develop their skills in everything from painting and drawing, to print making and photography. Mrs. Ogden and Ms. Frost have provided all their students with the skills and experiences to expand their imagination and continue to create new pieces of artwork. Nauset is very proud of the work that is created in the fine arts department, as well as throughout the rest of the arts, and that is shown in several exhibits both inside and outside of school.

THE ARTS AT NAUSET

Fashion, Clay and Culinary

In Fashion Design, Clay and Culinary, students really get to display their originality and unique style. The sky is the limit when working with fabric, clay, and food. Students get a chance to exhibit their artworks during the Fine and Applied Arts Nights.

Lawrence Scaglione happily whisks an egg for his culinary class (far right).

Sierra Nicholson diligently works on her clay project (right).

ART METAL & WOODSHOP

Nauset's Art Metal and Woodshop classes both have very talented students. The work produced in these classes are award winning pieces. Art Metal with their new unit of bike frame building, and woodshop with their ever famous guitar building classes. Everything produced in these classes are quality pieces, and all the students work extremely hard and take pride in their accomplishments.

"Being your best is not so much about overcoming the barriers other people place in front of you as it is about overcoming the barriers we place in front of ourselves. It has nothing to do with how many times you win or lose. It has no relation to where you finish in a race or whether you break world records. But it does have everything to do with having the vision to dream, the courage to recover from adversity and the determination never to be shifted from your goals."

2012 METG High School Drama Festival

The Nauset Players acting troupe traveled to Duxbury March 3, 2012 to perform in the 2012 METG High School Drama Festival with their production of Anon(ymous). BUILDING ROBOTS BUILDING THE FUTURE

High school is place to build your future; however, in the robotics program students are building *for* the future. This class allows students to have hands on experience building working mechanical contraptions. And, who knows? Maybe the world will be filled with robots one day. With these skills under their belts it will allow them to have a foot in the door of a future in engineering, if they wish to choose this path. If they don't, this class still offers a fun approach to science!

How can it already be that you are graduating from high school?! It seems like just the other day that Goth scared you to death and a blueberry for a Christmas gift made you cry. ☺ Oh, how I miss those days! But now I am honored to have a beautiful, intelligent, and witty sister who is always a blast to be with. You are my rock and best friend. The path ahead of you is thriving and bright, as long as you remain confident and true to yourself. I am so proud of you and you will always be my star.

How blessed we are to have been chosen to be your parents. From the day you were born you have brought us such joy. Your infectious smile and adorable dimples always light up the room. We are so proud of the beautiful young woman you have become. Throughout your childhood you have never compromised your morals, your self-discipline is inspirational. In choosing the narrow path, you have emerged a strong woman of integrity and character evidenced in your relationships - a devoted daughter, sister and freind. Go forth into this world and know that you will have our unending love and prayers... and remember to always look up!
Love,
Mom and Dad

What would I do if I didn't have you to wake up to each day? Good night my angel now it's time to sleep, and still so many things I want to say. I love you a bushel and a peck, you bet your pretty neck I do. When you're not near me, I'm blue. Because we can't make up for the time that we've lost I must let these memories provide No little girl can stop her world to wait for me. Oh Margaret, I love you. Tons and buckets and buckets and tons. From the first breath she breathed when she first smiled at me I knew the love of a father runs deep. ♪ You can't fool me, I saw you when you came out. You got your momma's taste but you got my mouth And you will always have a part of me nobody else is ever going to see. I wish I could make time stand still and just keep looking at you. But that's something even old Methuselah wasn't able to do. Princess of the Universe. And he cried, There goes my life, there goes my future, my everything. I love you, goodbye. That's my daughter in the water. I lost every time I fought her. Where do we go now? Where do we go now? Sweet child o' mine. I.....love.....YOU

Since the day you were born you have been a blessing in our lives. You have grown into such a beautiful young woman and not a day has gone by where we weren't proud of who you were or who you have become. We are, and always will be, your biggest fans and will be beside you always as you encounter all of life's triumphs and obstacles. It may be time to let you go, but you will always have a loving house to come home to. And we will be here waiting.

2012 = Big changes at **Nauset**

There have been major changes at Nauset High School this year. Everyone in the school has been affected by these changes in one way or another.

The school starting time changed from 7:25 a.m. to 8:35 a.m. Although many were not pleased with the effect it had on the end of the school day, some were delighted being able to sleep in. Whether they liked the time change or didn't, it happened.

Another big change at Nauset was the demise of the Portable building that housed the SWS, Fashion Design and World Music classes for fifteen plus years. Faculty and students found their way into new spaces within the campus.

An exciting time for the technology department was the development of the video and filming studio in B-building. This has provided state-of-the-art equipment and real air-time experiences.

With all the changes at Nauset this year, the students were able to share their opinions and how it personally affected them.

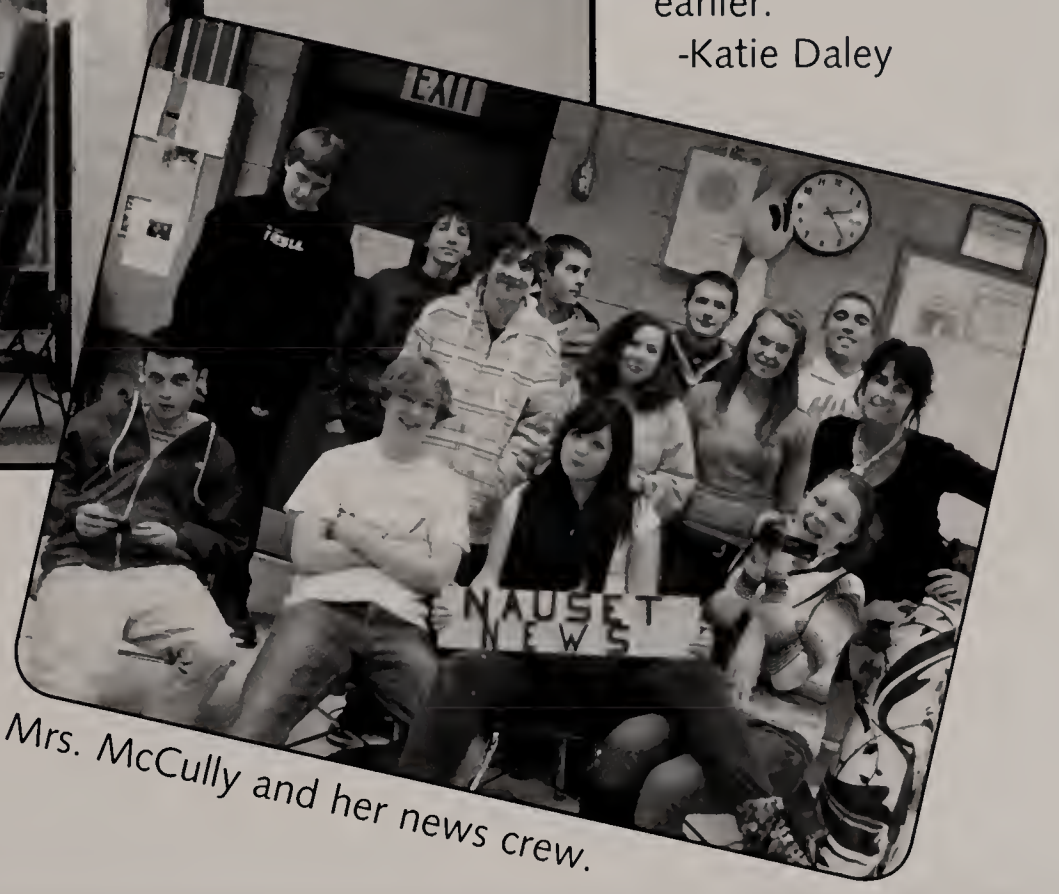
Nauset students said good-bye to the portables (left) and hello to a new garden. (above)

"I would have preferred to have the portables for SWS because now we are all crammed into two classrooms and it's claustrophobic."

-Joe Duarte

"I didn't like the time change because I don't like waking up later in the morning and I like getting out of school earlier."
-Katie Daley

"The studio is really cool because we get the chance to work with real professionals and new technology."
-Willow North



Mrs. McCully and her news crew.

Now: 8:35 a.m.

Then: 7:25 a.m.

"I don't like the time change because I do an after school activity and I don't get home until seven."
-Thommy Higgins

"I like the time change because I get to sleep in later"
-Nathan Campbell

"Being a senior I like the time change because I like sleeping in, but getting out late doesn't leave time for much else."
-Cassidy Weeks

WE ARE THE YEARBOOK STAFF

A New Adventure

This year the Yearbook Class had a new home in the Library. For many years, yearbook production took place in the 'portable' building in the back of the school campus. The change was made shortly before the beginning of new school year and the once teacher's area in the library was transformed into the main part of the yearbook classroom. After the initial adjustment, we realized there were several advantages to such a move such as, a larger work area and access to more computers. Thanks to the help of Mrs. McGown and Ms. Van Tassel (our advisors), Mrs. Endich, Mr. Conrad, the Custodial staff and everyone else that made it all work, the yearbook made it's way into production. We give our appreciation to everyone who has contributed and helped throughout the year.

Maura An Inspiration Kerse-McMillin

Mrs. McMillan with her sons, Tesfo and Mentes, and their dog, Emmie.

Mrs. Kerse-McMillin is a generous human being with a great sense of humor which makes her a generous teacher. She believes that, with effort, all students can reach their potential and she is willing to take the time it takes to help students get there. She listens.

When we think of Mrs. McMillin we think of compassion and an unusual empathy for others. She is a wonderful teacher of literature because she brings this not only to the discovery of the characters in a book, but to her students in her classroom.

Mrs. McMillin has an insightful global perspective. She taught in Afghanistan and Ethiopia and brings that knowledge to her classes. She has an adventurous spirit that she shares with her students. Mrs. McMillin will incorporate unusual but pertinent assignments in the classroom - witness the Kafka bug masks and the American Lit softball game.

For Mrs. McMillin, literature is the conduit to the realization that we are united through our very natures; that the world beyond Cape Cod is important to our own self discovery. There is more that unites us than divides us if we are only willing to see. Having taught abroad, she understands this well. Inviting in a new point of view permeates everything she teaches.

The Class of 2012 dedicates the Yearbook to Mrs. McMillin for the special person she is.

As a show of support for Mrs. McMillan, faculty, staff and students dressed in jeans and pink.
